# Boot and Boat day in the Dome

Hike in the magnificent mountain land of the Vredefort Dome World Heritage Site

**PLUS**

The Vredefort Dome marks the central uplift of the world's oldest and largest visible meteorite impact crater. Follow our expert guides on a moderate hike to viewpoints overlooking this mighty feature. No experience required and wear ordinary walking shoes and clothes. Put on sunscreen and bring water!

Raft the exciting but easy rapids

of the Vaal with **The RIVERMAN**

Spend half the day hiking and half rafting. A picnic lunch will be served at our base on lawns beside the river. The Vaal is one of the world's oldest rivers and it has played an important part in exposing the very gold Vredefort Dome, which was covered by later sediment. The rapids are classed 2+ (easy) on a scale of 1 to 6 and you are led by top professional guides. No experience is needed. Come as you are.

Prof Addison

**BOOKING** – tear off and give to the trip organiser.

Please book me/us for the hiking and rafting day in the Vredefort Dome		TICK EITHER OR BOTH
